

DRIVE ON POLLS TAXES MONDAY

Richards Completing Plans
for Wholesale Garnish-
ment on That Day.

Plans now are being worked out for a garnishment offensive by Jefferies E. Richards, poll tax collector for Shelby county. The drive against men who have not paid their 1935 poll taxes will be started Monday.

More than 8,000 men are delinquent on their 1935 poll taxes. Ignorance that their 1935 tax has not been paid will excuse no one. Many men believe they paid their 1935 tax because they paid a tax in 1934, when it was the 1934 poll tax they paid. The 1935 tax did not come due until September 1, 1935, and could not be paid before that date. It is the tax necessary for one to have if he votes at the coming county, state and presidential elections.

One prominent merchant of Arlington brought a list of people in his neighborhood who had not paid 1935 poll taxes to Mr. Richards' office Thursday. He requested Mr. Richards not to garnish any of those whose names were on the list until a 15-day period had elapsed, saying he personally would see them and urge them to pay up and avoid garnishment.

The request was granted. Mr. Richards says, "I don't want to be hard on anyone about garnishment proceedings. I am glad to withhold garnishment for any reasonable period when I have some assurance that the tax will be paid at the end of that time."

Any person who owes a 1935 tax can avoid garnishment by calling the poll tax office in the courthouse, and paying up before a deputy with garnishment papers reaches his place of business.

The cost of a poll tax is \$2.55. The money collected goes to the schools. Garnishment proceedings will make each individual's poll tax cost several dollars extra.

"HAS NEVER FAILED TO GIVE ME FINE RESULTS"

SAYS TENNESSEE WOMAN

Mrs. Hoppers, of Hall Station, Declares That Tanlac Is a Grand Medicine.

"SUFFERED LONG AS I CAN REMEMBER"

Says Tanlac Relieved Her Troubles Four Years Ago and She Is Still Enjoying Splendid Health.

"Yes, sir, I can recommend Tanlac and am glad to do so, for it restored my health four years ago, and I have not had a return of my troubles to this good day," said Mrs. Sallie Hoppers, of Hall Station, Tenn., in an interview recently, while visiting her son at 223 Washington avenue, Memphis.

"I am 45 years old, and for as long as I can remember I have been troubled with my stomach. I thought my age was against me and I never expected to get relief from my suffering. My appetite was poor and what I ate soured on my stomach and gave me a bloated, distressing feeling. I had a

sour taste in my mouth all the time and often it made me almost dizzy sick. My sleep was not sound, and restless, and I was in a bad condition, and felt weak and listless all the time. I tried medicine after medicine, and I became badly discouraged, and had little hope of ever being any better.

"Finally my son-in-law told me about Tanlac, and I am glad to tell you, for it has meant more to me than I can ever tell you. Right away my appetite improved and my digestion got better and I could eat things I had been able to touch in years. My strength came back and I could sleep soundly at night. That was four years ago, as I said, and I have enjoyed good health ever since, for I make it a rule to take a bottle of Tanlac every year to keep my system in good condition and it has never yet failed to give me fine results. Tanlac is a grand medicine and I feel I am doing anyone a good turn by getting them to try it."

Tanlac sold in Memphis by the following agents: Watson Drug Company, Weiss Pharmacy, Locke-Turley Drug Company, A. R. B. Co., two stores, E. H. Kilpatrick, Washington & Perry, Moore's Pharmacy, Taylor & Taylor, three stores, Marshall-Lyle Drug Company, C. G. Manning and Batters Pharmacy.

POLES OPEN GREAT COUNTER UPON REDS

WARSAW, June 4.—(By the Associated Press.)—The Poles have launched a counter attack south of Kiev, in the Dnieper region, where the Reds have concentrated in an endeavor to drive to the northwest in order to compel the Poles to evacuate Kiev.

The Bolshevik forces captured some ground, but an official communique announces that they were thrown back and several villages recovered. The fighting continues, the Bolshevik infantry, aided by a militia, trying to cut the Polish communication leading to Kiev along the Dnieper until attacked by the Kosciuszko aviators, who used machine guns and bombs. One mortar was sunk.

On the northern front fighting progresses and territory is constantly changing hands. The Polish counter attack is gradually swinging the Poles eastward over the ground they lost when the Reds' drive began on May 18.

The transportation of 15,000 Polish troops from Kiev to Warsaw has begun, the American Red Cross co-operating with the Polish government. The movement of refugees was continued over the ground they lost, as most of the Poles desired to leave that city so long as the armies were fighting for possession of it.
